The basic strap

The basic strap contains of one row with sets of two Tila beads opposite each other with a Firepolished bead sitting between them.

- **1** • Pick up **1A, 3B** and pass back through the A. Pick up **1T, 1A, 1F, 1A, 1T, 1A, 3B** then pass back through the last A added, the T, next A and F.

- **2** • Pick up **1A** and pass through the second hole of the top T. Pick up **1A, 3B** and pass back through the last A added, the T, A and F. Pick up **1A** and pass through the second hole of the bottom T. Pick up **1A, 3B** and pass back through the last A added, the T and next A.

- **3** • Pick up **3B, 1A, 1T, 1A, 3B** and pass back through the A, T, A. Pick up **1F, 1A, 1T, 1A, 3B** and pass back through the A, T, A, F.

- **4** • Repeat step 2, weaving through the bottom T first and through the top T second.

- **5** • Repeat step 3, weaving from top to bottom this time.

Repeat steps 2 - 5 until the desired length is reached.

It may look a little wobbly at this point, but that will straighten out in the next steps.

- **6** • Start from the second A below the first top T, pick up **3B** and pass up the first A at the next T. Pass down the second A, the F and the first A over the bottom T. Pass up the second A over the bottom T, pick up **3B** and pass through the first A at the next bottom T. Pass up the second A, the F and the first A below the top T. Then pass down the second A below the top T. Repeat this step to the end of the strap.

The embellishment

The embellishment is added to each row of Tila beads.

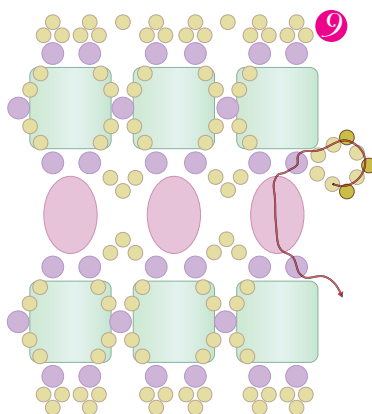

- **7** • Start from the second A below the first top T, pick up **2B, 1A, 2B** and pass through the first A and B over the next T. Pick up **1B** and pass down the third B and A over the first T. Pick up **2B** and pass through the A just added, then pick up **2B** and pass through the first A below the next T and up the second A sitting next to it. Repeat this step to the end of the row to add the cross-shapes over the Tila's. Then repeat this step to the opposite row of Tila's

Adding loops for the clasp

- **8** • Start from the first A below the last T and pick up **6B**. Pass through the A again and the first two B's just added.

- **9** • Pick up **1B** and pass through the next B in the loop. Repeat twice, passing through the last two B's of the loop, the A you started from, the F and the first A over the the T below. Repeat step 8 and 9, attach the clasp with jumpings to the loops and your bracelet is done.
