I love to hang these beads on a wire choker.
They can also be made into ear-rings or a key ring.

Little or Big Millefiori Heart Bead

These gorgeously juicy little flowery hearts are made using the warped square technique.

- ❖ Using **either** 11/0 or 8/0 beads and a wingspan of thread.
- ❖ Start at Row 1, pick up 4 beads as indicated and tie a knot to make the beads form a loop. Pass the needle through one bead
- ❖ Read each row left to right across the table
- ❖ Remember to Step up at the end of each round for rows 1-8
- ❖ You need tight tension
- ❖ From Row 9 you are not going to be adding any beads to Herringbone 1 or 3. You will need to pass through increasing numbers of beads to get to the next section.. There will no longer be a step up.
- ❖ Pull your tension tight when you've gone through the "pass through" beads of rows 7 onwards to make your critter curve over.
- ❖ The joining beads are only needed on two sides of row 16
- ❖ Finally zip the sides together and finish off your threads.
