

Hookin' to the Beat – 3D Peyote 2-Drop Pod – Diamond Dust No. 14

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

Colours with number of
beads per pod side
Multiply x2, 3 or 4 for a
2, 3 or 4-sided 2-drop pod

The number of beads to be used for any particular colour will be shown in the box for that colour together with the letter (ie 2A, 4G, etc.)

However, where a number/letter combo is shown in brackets such as (GC) or (2A), this indicates that the beads should be woven together such as in the 2-drop stitches or in corner herringbone stitches.

Code	Colour	No. of beads per pod piece
A	Terra Cotta	136
B	Black	148
C	Pale Yellow	36
D	Yellow	102
E	Peach	36
F	Red	101

Knowledge of how to make
pods is assumed

Please note that this particular pattern belongs to Hookin' to the Beat and, as such, should not be used except for your own personal use. You may sell the items you make from this pattern, but not the pattern itself!

Hookin' to the Beat – 3D Peyote 2-Drop Pod – Diamond Dust No. 14

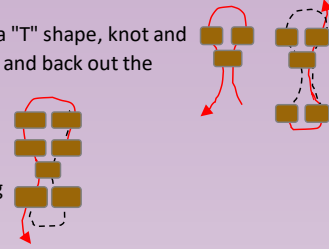

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

PLEASE TAKE CAREFUL NOTE OF ANY BRACKETS!

R1 & 2 (A A A) Pass needle back through 1st bead, pull snugly to form a "T" shape, knot and then add... (A A) Pass the needle back through the centre bead and back out the opposite side to make the following:

Add (A A) and pass thread back through original 2nd bead, the centre bead and through the next bead on the same side. Pull snug so that your 2-drop herringbone on the top section is tight.

Add (A A) pass thread back through remaining bead

Note: When you see something like this:
(B- -A) it means bead both colours together as part of the 2-drop

Following instructions in the pattern for making 2-drop herringbone rows, add beads <-> means add each half of 2-drop herringbone separately to ensure a snug fit.

(2A) <-> (2A) (2B) (2C) (C- -F) 1B (D- -E) (2E) (2B)

R16 (2A) <-> (2A) (2B) (F- -B) (2E) (2D) (2D) (2D) (E- -C) (E- -C) (2F) (2F) (2F) (2C) (B- -D) (2B)
(2A) <-> (2A) (2B) (D- -B) (2C) (2F) (2F) (2F) (C- -E) (C- -E) (2D) (2D) (2D) (2E) (B- -F) (2B)

Zip Row

Once Row 16 is done, do an extra row on next side to enable zipping of the pod pieces together.

(1A) (A- -F) (2F) (F- -B) (2D) (2E) (2D) (2D) (1F) (2F) (2F) (2C) (2F) (B- -D) (2D) (D- -A) (1A)

(1A) Represents the single bead at either end of the row (if you choose to add them).

Hookin' to the Beat

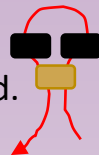

3D Peyote 2-Drop Pod Instructions (Steps 1-4) - (based on sample pattern)

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

How to set up the initial pod shop with a 2-drop herringbone:

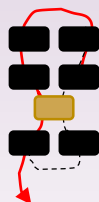

1. Thread centre bead (in this example - gold), add two beads (in this example - black), knot and pass thread back through first bead.

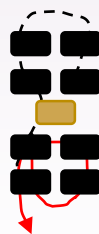

2. Add two more beads (in this example - black) and pass thread back through first bead and through next bead. Pull for a snug tension.

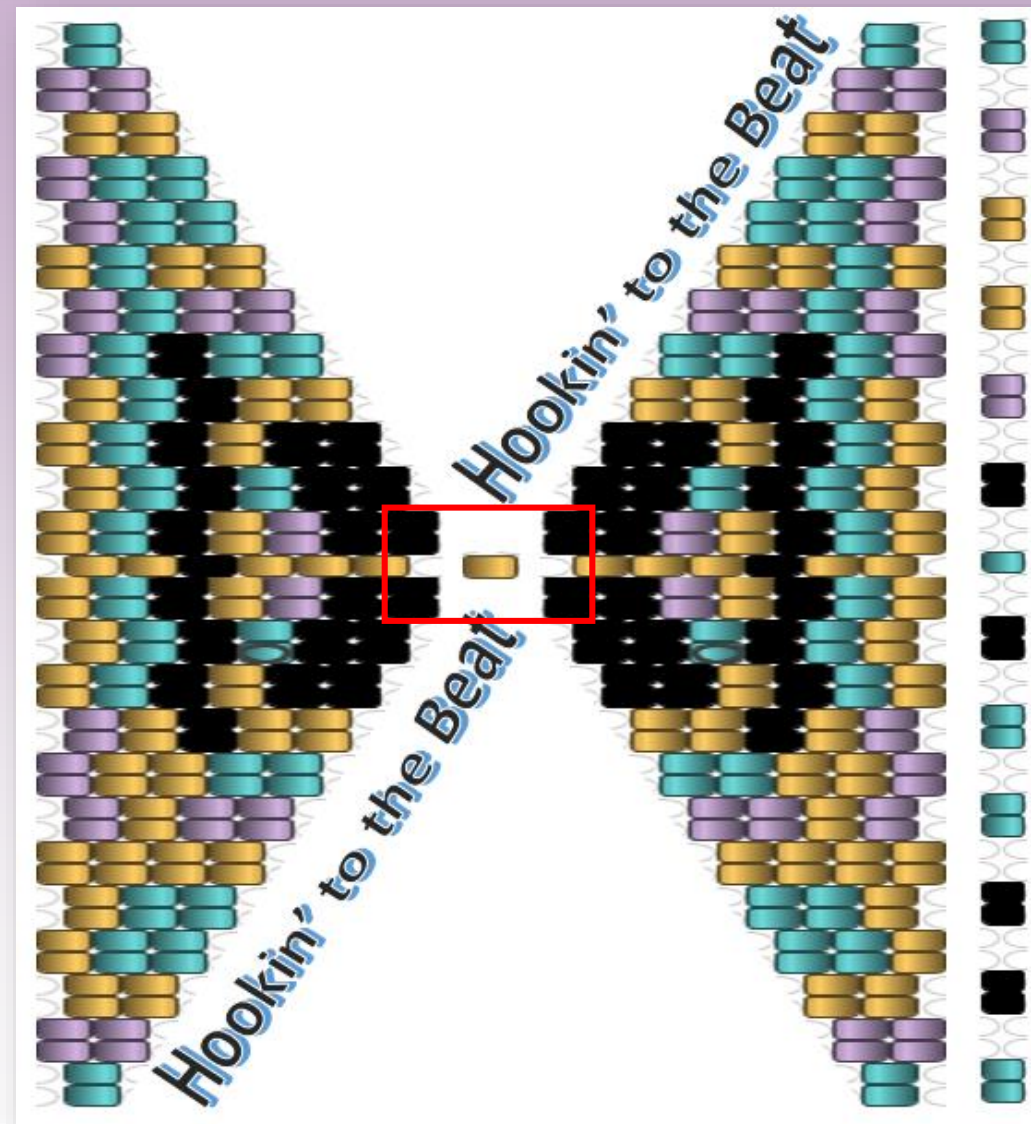

3. Add two more beads (in this example – black) and pass thread back through original 2nd bead, the centre bead and through next bead. Pull snug so that your 2-drop herringbone on the top section is tight.

4. Add two more beads (in this example – black) and pass thread back through remaining bead. This preps the base ready for starting your next row.

The section marked in red in the diagram is the section you've just created (***This completes Rows 1 and 2 from your pattern on Page 2***).

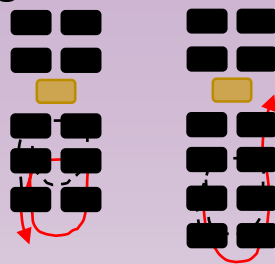

3D Peyote 2-Drop Pod Instructions (Steps 5-8) - (based on sample pattern)

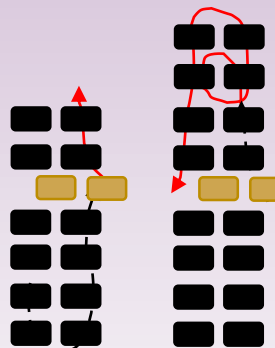

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

How to set up the initial pod shop with a 2-drop herringbone:

5. In order to get a snug 2-drop herringbone, I would suggest adding two beads at a time... So, add two beads (in this example – black) to make first part of herringbone and then add two more to make 2nd part. Pass thread back through 4 beads.

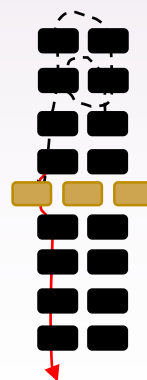

6. Now add your middle (single) peyote bead (in this example-gold) and pass thread through next two beads.

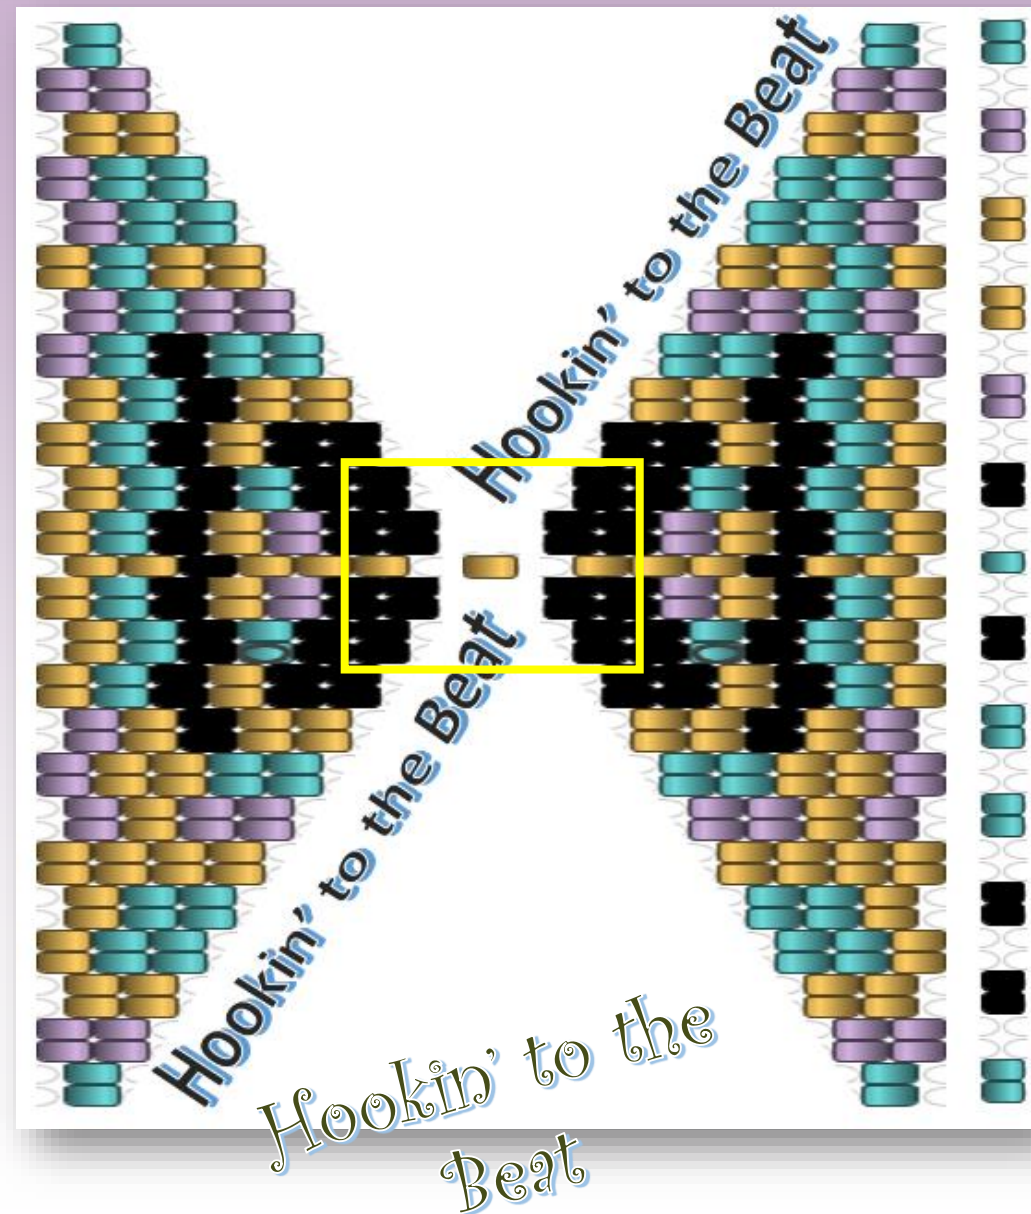

Again, add your 4 herringbone beads by adding two at a time. On final 2 beads, pass thread back through all 4 beads.

7. Add your middle (single) peyote bead (in this example – gold) and pass thread through all 4 beads, stepping up ready for next row.
(This completes Row 3 from your pattern on Page 2)

8. The section marked in yellow in the diagram is the section you've just created.

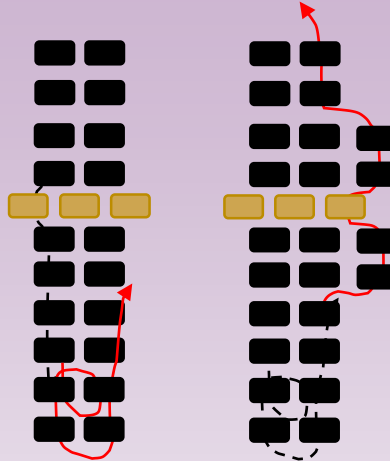

3D Peyote 2-Drop Pod Instructions (Steps 9-11) - (based on sample pattern)

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

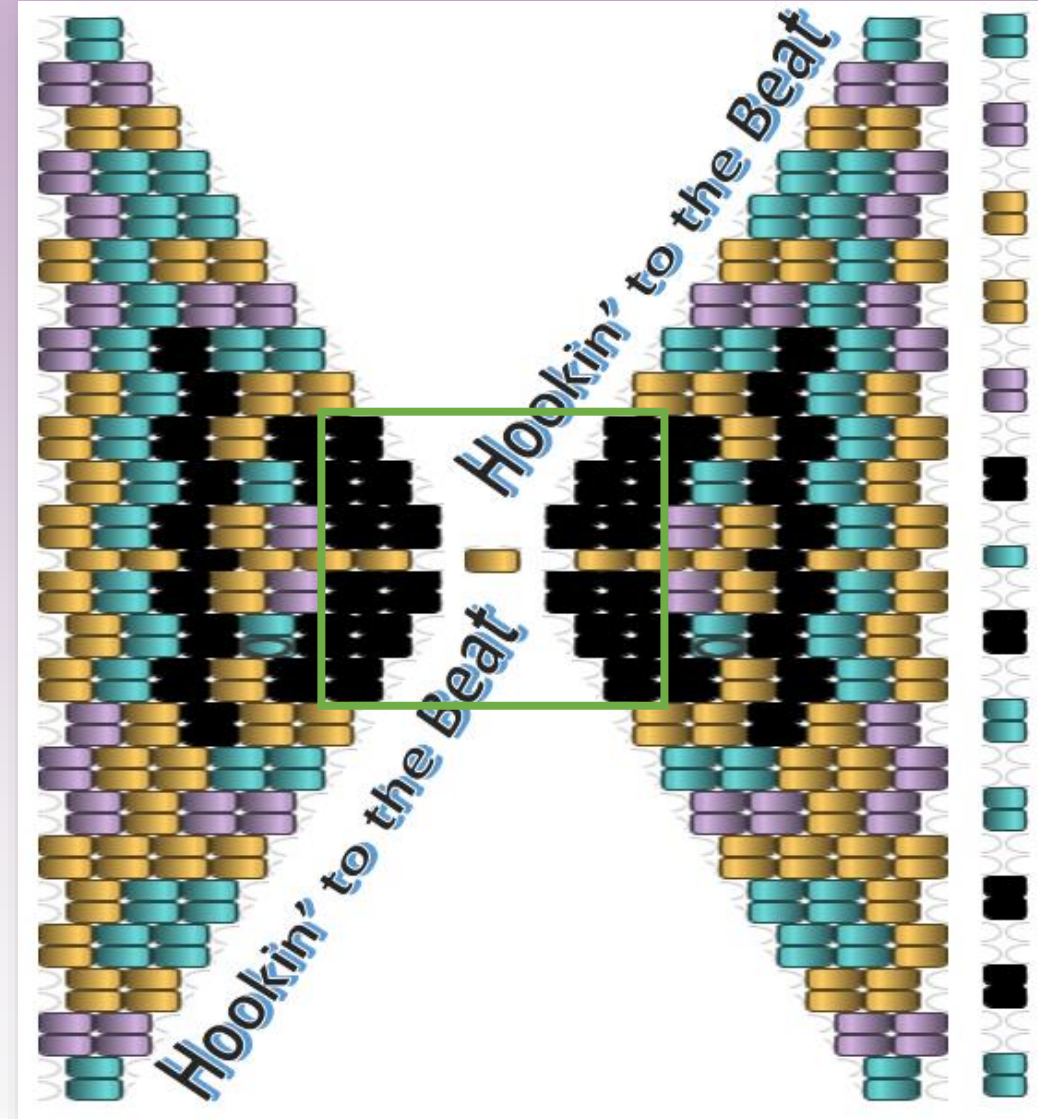

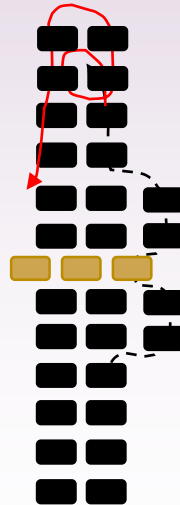

How to set up the initial pod shop with a 2-drop herringbone:

9. Repeat Step 5.

Then, add two beads (in this example – black). Pass through centre bead. Add two more beads (in this example – black). Pass through next two beads ready for next set of 4 herringbone beads.

10. Again, add your 4 herringbone beads by adding two at a time. On final 2 beads, pass thread back through 4 beads.

3D Peyote 2-Drop Pod Instructions (Steps 9-11) - (based on sample pattern)

Written Instructions for one side of pod / (Make 2, 3 or 4 for 3D Peyote 2-Drop Pod)

How to set up the initial pod shop with a 2-drop herringbone:

11. Then, add two beads (in this example – black). Pass through centre bead. Add two more beads (in this example – black). Pass through next two beads ready for next 4 herringbone beads, stepping up to start next row. The shape will now pull more snugly into a boat/taco type of shape.

You've now completed up to the Green box.

(This completes Row 4 from your pattern on Page 2).

Continue in this manner until your pod piece is complete and then add a single zip row as shown to the far right of the diagram.
