## FAQs

### What is International Beading Week?

International Beading Week was set up by the Beadworkers Guild in 2015. It has grown into a worldwide event that celebrates our passion for stitching with beads.

The original ethos of our idea was (and still is) to educate and encourage the wider public to participate in beading, to support bead traders so we can continue to have an excellent source of supplies and to have some fun sharing our passion with others in our local area.

You can find out more here.

### How do I join in?

Simply tag #InternationalBeadWeek in your posts on your social media channels. You can also tag the @Beadworkers on Instagram or The Beadworkers Guild or International Beading Week pages, as well as in the [International Beading Week Facebook group](#).

### Do I have to post every day?

Absolutely not! We'd love it if you do but there's no pressure. This is a fun way to celebrate International Beading Week!

### I missed the beginning of the week, can I still join in?

Of course - you can play catch up or just dip in and out as you like!

### Can I create my own graphics to promote the week?

Yes! In this pack you'll find the International Beading Week logo which you can download and use in your own designs. Just remember to tag us in your posts!
